

Extend your reach with Greenlee Fish Poles.

Two Convenient Sizes... 18' and 24'

Whether you are trying to pull wires through a suspended ceiling or push wires under a sub-floor, Greenlee has the product for you! Greenlee has introduced two Fish Poles, **10442 - Fish Pole 18'** and **10443 - Fish Pole 24'**. Both Fish Poles are designed specifically for pushing and pulling wires over long distances. To make maneuvering easier in cramped spaces, Greenlee made both models lightweight. The 10442 Fish Pole 18 weighs slightly over two pounds,

while the 10443 Fish Pole 24 is less than five pounds! Don't let the light weight fool you, these two poles are made to handle the most rugged environment. In fact, both models have an enhanced gripping section and are made of durable material designed for long-term use.

So reach for the best and reach for Greenlee Fish Poles!

PRODUCT FEATURES

- **Push or pull wires over long distances** including suspended ceilings, sub-floors, crawl spaces and attics.
- **Non-conductive, high-impact** construction for long life.
- **Specialized hook** can be used to install wires in suspended ceilings.
- **Velcro strap secures pole** when in collapsed position.
- **Self-contained**, no loose parts.
- **Lightweight design** to minimize fatigue.
- **10442 - Fish Pole 18'** collapses to 27" x 2" and uses friction-locking system for added control.
- **10443 - Fish Pole 24'** collapses to 50" x 2.25" and uses snap lock buttons to maintain extended reach capabilities.

ACCESSORIES

- Replacement hook - CAT/UPC NO.10453
